

2022 Tax Return Preparation Checklist/Questionnaire

Name _____

Thank you for using Nationwide Bookkeeping & Accountants Services Pty Ltd as your trusted tax advisor.

The ATO have recently announced their key focus areas for Tax Time 2022 together with a heads up about their increased level of scrutiny on the correct reporting of deductions so your completed questionnaire will assist immensely in the unfortunate event that your 2022 return is subjected to an ATO review.

By taking the time to gather all of your receipts and complete our checklist/questionnaire with care, it will enable us to maximise your claims and complete your tax return efficiently all while ensuring you are well and truly covered should your return be subjected to an ATO review. Remember it's only once a year!

This year the ATO will be focussing on:

- **record-keeping** - you need to be able to satisfy the 3 golden rules (see below)
- **work related expenses** – no “copy and paste” claims from last year and a hybrid working environment may mean less claims for car, tolls, parking and uniforms
- **rental property income and deductions** – short-term rental arrangements through Airbnb, Stays need to be included
- **capital gains from crypto, property and share sales** – don't forget to tell us about these as the ATO have sophisticated data matching happening here

The main things to keep in mind as you complete the checklist/questionnaire are:

- You must have spent the money, and not have been reimbursed for the expense
- The expense must be directly related to you earning your income (i.e. it cannot be a private expense)
- You must have a record of purchase (i.e. a receipt)

In relation to substantiation, you are required to retain records for either 2 or 5 years from the date you lodge your return depending on the complexity of your return. We often get asked if there is a minimum you can claim without receipts. Unfortunately, there are no automatic deductions and a receipt or written evidence is required for all claims made.

So, grab a cuppa and gather all of your tax paperwork. Write down what you have for each category of expenses. Review the gaps and consider if you may have missed something. You can then go back through receipts, bank or credit card statements, emails or even contact suppliers. This is a sure way to ensure you are claiming everything you are entitled to! If you don't have enough room, feel free to make some extra notes on a separate piece of paper. Have fun and we look forward to receiving your completed checklist/questionnaire.
